Although it is unusual, we occasionally find it necessary to cancel a trip due to water fluctuation, or insufficient reservations (making the trip economically unfeasible for us to operate). If we are unable to provide another trip that is satisfactory to you, we will refund you entire trip fee, but O.A.R.S. is not responsible for additional expenses incurred by members in preparing for the trip (e.g., non-refundable, advance purchase air tickets, equipment, medical expenses, etc.). We regret we cannot make exceptions for personal emergencies. For this reason, we strongly urge you to investigate trip insurance (see below).

MEDICAL: Under most circumstances, if you are of an adventurous spirit and in reasonable good health, you should have no problem enjoying an O.A.R.S. trip. People with medical conditions including pregnancy should have a physician's approval before taking a river trip. We reserve the right not to accept passengers weighing more than 260 pounds or with a waist/chest size exceeding 56 inches. If you exceed these requirements please give us a call. Also, we may decide, at any time, to exclude any person or group for any reason we feel is related to the safety of our trips.

TRAVEL INSURANCE

Based upon our years of experience with unexpected passenger cancellations, O.A.R.S. strongly recommends the purchase of a short-term travel insurance policy. A Travel Protection Plan Certificate detailing all the benefits and coverages can be found at www.tripmate.com/wpF431H. This policy offers accident, baggage and trip cancellation protection and offers a full refund if you cancel at any time for medical or health reasons.

I certify that I have read and understand the deposit and cancellation policy and understand it is my responsibility to purchase or decline the travel insurance policy. I verify this by placing my initials here: _____
