Idaho's rivers access some of the most pristine terrain in all the state. They are home to abundant flora and fauna, an impressive network of hiking trails, and some of the country's best whitewater. Of all the rivers that flow through Idaho, perhaps the most spectacular is the Middle Fork of the Wild and Scenic Salmon River. Considered the state's "Blue Ribbon" river, the Middle Fork Salmon boasts non-stop, Class III-IV whitewater, natural hot springs, and excellent fishing. And then there's the scenery—soft meadows that roll towards the base of soaring mountains, craggy canyons ribboned with waterfalls, deep green forests, and grassy hills dotted with wildflowers—the diversity and beauty of the Middle Fork are stunning. Join O.A.R.S. and see how good a river vacation on this breathtaking waterway can be.

## AWARD-WINNING NATURE-BASED ADVENTURES SINCE 1969

O.A.R.S. has been in business for over 40 years and that is no accident. Great trips on some of the world's best rivers and coastlines are the recipe for this success. Always focused on our clients and their vacations, it is our genuine belief that river trips and nature-based adventures are extremely valuable life experiences. With that as our foundation, we have committed ourselves over the years to providing the best trips available, always with an eye on improvement.

## **BOAT SELECTION**

- Because of the river's volume, we can bring the full gamut of O.A.R.S.' river vessels on the Middle Fork Salmon River and you may experience them all! Riding in an oar boat one day, then challenging the whitewater hands-on in a paddle raft or inflatable kayak ensures a diverse and exciting river adventure for each member of your party.

## **WINE ON THE RIVER**

- Our wine trip offers an elegant alternative to our regular departures, and combines mouth-watering menus and award-winning wines with the appeal of the wilds. After each day of vigorous river rafting, enjoy gourmet meals and premium wines introduced by regional experts. The wines are carefully chosen to complement the bill of fare each night and each winery brings its own personality to the river, where the tastings can turn into blending seminars or discussions of Old World versus New World wine making. Rest assured that whatever direction we take, these trips inevitably result in an outrageously good time.

## **Sample Itinerary**

We pride ourselves in running a relaxed and always flexible schedule. Every trip is different depending upon the group, other trips on the water and the occasional effects of the weather. The following is a sample of what your trip might be like:

### **The Day before Your Trip**

We'll meet at 8:00 PM in the conference room of the Mountain Village Lodge for a pre-trip meeting. This is an opportunity to meet your fellow travelers and trip leader and ask any last-minute questions. Your trip leader will give you a thorough trip orientation, then pass out waterproof river bags so that you can pack your belongings that evening.

### **Days 1-5**

- We'll take a scenic flight to our put-in at Thomas Creek, where your boats and crew await you. After an informative safety talk and paddle raft/inflatable kayak instruction, we take to the pure waters of the breathtaking Middle Fork. Within moments, you'll experience your first rapid, an appropriate introduction to a river with exciting, continuous whitewater.
- Our put-in point awards us with fantastic alpine scenery, and we spend our first day among deep green forests, dramatic mountains, and crystal clear creeks that pour out of the woods and into the river.
- The first day generally sets the pace for our five days on the river. Typically, we spend a few hours on the water in the morning, sometimes stopping for a great hike, a visit to a waterfall or an Indian pictograph, or a soak in a natural hot spring. Come lunchtime, we pull over to a sandy beach and enjoy a delicious picnic. After feasting and relaxing on the beach (or perhaps swimming, a game of Frisbee, a nature walk...), we get back in our boats for more exciting whitewater. Be sure to try your hand at the paddleboat and inflatable kayak! Mid- to late-afternoon, we stop and make camp; you grab your bags and set up your tent while we take care of the kitchen, "living and dining room"— tables and camp chairs and the site for tonight's campfire (if permitted). There may be time for another chapter of your book, or a nap, or just sit back and laugh with friends and family as dinner preparations begin.
- Just when you think the day couldn't get any better, delicious appetizers are served with a selection of wines that have been carefully chosen to compliment the gourmet cuisine. Experiment with new tastes and varietals. Savor the aroma and flavors while our knowledgeable wine specialist presents information on the many facets of wine-making. Whether you're new to wine or a long-time connoisseur, this is the trip for you. Learn about different wine-making regions and the wine-making process. Experiment with new varietals and discuss the characteristics of a good Tempranillo, Chardonnay or Petite Sirah. Share your own knowledge and wine recommendations. It's bound to be fun, interesting and entertaining—and then comes the next highlight of the trip! Sit down to a sumptuous dinner prepared in our own wilderness kitchen by a master of the culinary arts.

- After a wonderful feast, the remainder of the evening is yours to spend however you wish. Maybe further discussions, music, stories, or jokes will continue throughout the night; maybe the popping of the fire, the whisper of the river and the clarity of the big, star-filled sky will encourage silent reflection on the amazing wilderness that is, for now, our home.
- Continuing down the river the next few days, we'll see the scenery change from high mountains to gently rolling hills. Thick forests give way to miles of open grassland dotted with cool glades of pine. The views remain stunning and the whitewater action-packed. Huge rapids are interspersed with less intense, yet still thrilling whitewater in the form of wave trains, chutes, and drops. Our journey downstream takes us to more hot springs, alcoves decorated with Sheepeater Indian pictographs, and magnificent Veil Falls, a unique waterfall that plummets freely into a natural amphitheatre from a high rock overhang.
- Towards the end of our voyage, the Middle Fork rushes into Impassable Canyon, a narrow gorge that creates some of the most high-intensity and continuous whitewater of the trip. Paddle hard through Redside, Rubber, and Hancock rapids and enjoy the sudden spectacular change in scenery from wooded hills to the sheer granite walls and huge boulders of Impassable Canyon. On Day 5, we reach our take-out at the confluence with the Main Salmon. Our journey has ended, but we're sure that although you leave the river, the river will never leave you.
