

# The O.A.R.S. Camping Experience

An O.A.R.S. adventure is so much more than just rafting. In fact, we average only 4-6 hours on the water per day. The rest of your time is spent exploring the surrounding terrain, or simply relaxing in camp. Here's what to expect once you're off the water...

## Brilliant sunsets and starry nights

While blue bird skies aren't guaranteed, we can promise you evenings unlike anything you'll see in the city.

## Rafts and Dories

They provide the heavy lifting on a river trip, carrying all the gear, guides and guests from camp to camp.

## Hiking

Stretch your legs on a hike to side canyons, waterfalls, historic sites and scenic overlooks

## Your Tent

Roomy tents and cozy sleeping bags with inflatable pads, sheets and pillows make for deep and relaxing sleeps

## Free Flowing Rivers

Take a dip or just enjoy the soothing sounds as you drift off to sleep.

## The Kitchen

Sumptuous feasts are prepared daily by our skilled guides/chefs.

## New Friends & Old

O.A.R.S. river trips are social by nature.

## Beach Games

Bocce, horseshoes, hunker down or volleyball: the possibilities are endless

## The Living Room

The social hub of the O.A.R.S. camp, the living room is where you eat and recount tales of the day on the river (often around a campfire).

## A Loo with a View

Each campsite is equipped with a portable potty placed in a private location a discrete distance from camp.

## Water

Clean & fresh and always abundant, water is carried with us at all times and filtered as needed on longer trips. Want a soft drink? We've got them too!

## We Do The Work

While you find the perfect place to pitch your tent, the O.A.R.S. guides get busy setting up the kitchen, creating the living room and preparing hors d'oeuvres and the night's delicious feast. Chilled beverages, including limited beer and wine, are available in most areas. Let the relaxing begin...
